

PRODUCT BULLETIN

Date: 2/27/2023
Product: Discontinued Safety Gear Items

In order to make room for the new safety gear products that were introduced at the meeting, we had to discontinue some of our slower moving gloves and glasses. These products will be available by special order once our current stock runs out. See current inventory list below.

The Gloves, **Blue Nitrile w/18Gauge Nylon Liner** have been discontinued by the vendor. The vendor's suggested replacement is **Nitrile Blend Coated Glove with Nylon / Elastane Liner and Non-Slip Grip on Palm & Fingers – 14"** and it will be available non-stock in sizes S-2XL.

Please update your pricebooks accordingly.
