| Solid plastic slow-release deodorizing preparation in the form of an air freshener. It is made from pigmented thermoplastic infused with a fragrance composition and color to represent the fragrance. For institutional use only. Form/Shape:     Air Freshener weighs approximately 72g. CAS Number:     Not applicable since the product is a preparation. EINECS/ELINCS #:     Not applicable since the product is a preparation. The product is a complex mixture of substances of which the following have been classified as presenting a health or environmental hazard or as having an occupational exposure limit within the meaning of the Directive 67/548/EEC or 1999/45/EC |                               |             |                          |                |                            |    |               |  |

| 5. Fire-Fighting Measures  |                               |             |                          |                |                            |    |               |  |
| EXTINGUISHING MEDIA:   |                               |             |                          |                |                            |    |               |  |
| Use extinguishing media appropriate for the surrounding fire. Water spray, fog or mist. Dry chemicals, sand etc.<br>EXPOSURE HAZARDS:  |                               |             |                          |                |                            |    |               |  |
| Thermal decomposition or burning may release a variety of products ranging from simple hydrocarbons to toxic/irritating gases including carbon monoxide and carbon dioxide. Full protective clothing should be worn before a confined fire space is entered. Self-contained breathing apparatus should be worn.  |                               |             |                          |                |                            |    |               |  |
| 6. Accidental Release Measures   |                               |             |                          |                |                            |    |               |  |
| No special requirements for acci   |                               | ood houseke | eeping practices         | S.             |                            |    |               |  |
| 7. Handling and Storage<br>USAGE PRECAUTIONS:  |                               |             |                          |                |                            |    |               |  |
| Follow normal good-housekeeping practices. Keep away from direct flames.   |                               |             |                          |                |                            |    |               |  |

Keep in cool, dry conditions in original containers at no more than 30°C

### 8. Exposure Controls / Personal Protection

OCCUPATIONAL EXPOSURE LIMIT: Not established. PERSONAL PROTECTIVE EQUIPMENT:

Eye/Face Protection: None required.

Skin Protection: Although unexpected, avoid prolonged skin contact. Use chemically resistant gloves as needed.

Respiratory Protection: None required under normal usage

### 10. Stability & Reactivity Information

STABILITY:

Normally stable.

MATERIALS TO AVOID: Strong oxidizing agents.

CONDITIONS TO AVOID:

Avoid extreme heat and naked flames.

DECOMPOSITION PRODUCTS:

None under normal storage conditions.

#### 11. Toxicological Information

### ACUTE EFFECTS:

Ingredients include a small quantity of volatile fragrance chemicals which may contain small amounts of substances that are harmful if swallowed and/or irritating to the eyes and skin.

#### **HEALTH RISKS:**

Inhalation: Prolonged exposure to volatile ingredients is unlikely to cause irritation or other adverse health effects.

Ingestion: No practical risk of adverse health effects.

Eye contact: No practical risk of adverse health effects.

Skin contact: No practical risk of adverse health effects.

#### CHRONIC EFFECTS:

None are known.

#### 12. Ecological Information

No specific information has been established regarding the product. However according to the conventional method of Directive 99/45/EC the product is classified as harmful to aquatic organisms, or causing long-term effects in the aquatic environment. **ECOTOXICITY:** 

- N/A
- PERSISTENCE AND DEGRADABILITY:

N/A BIOACCUMULATIVE POTENTIAL:

N/A

MOBILITY IN SOIL:

N/A

OTHER ADVERSE EFFECTS:

N/A

#### 13. Disposal Consideration

Dispose of in accordance with Local Authority requirements e.g., for used product, as household waste.

#### 14. Transportation Information

Product is not regulated as hazardous UN-Number: N/A Marine Pollutant: N/A Transport Hazard Class: N/A Packing group: N/A Special Precautions with Transport: N/A DOT Classifications: Non-Hazardous UN Proper Shipping Name: N/A

### Classification, Packaging and Labeling according to Directive 99/45/EC

SIGNAL WORD: WARNING.

# HAZARD PHRASES:

H302: Harmful if swallowed.

H317: May cause allergic skin reaction.

PICTOGRAMS:

#### Exclamation mark PRECAUTIONARY PHRASES:

## REGAUTIONARY PHRASES:

P102: Keep out of reach of children. P264: Wash hands thoroughly after handling.

P280: Wear suitable gloves.

P301+310: If swallowed, call physician

P302+P352: If on skin, wash with plenty of water.

P332+P313:If rash occurs, seek medical attention.

P501: Dispose of contents to an approved waste disposal plant.

# 16. Other Information

This Safety Data Sheet was prepared to comply with the current OSHA Hazard Communication Standard (HCS) adoption of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS)
