AEROSOL BIO-ENZYMATIC FOAMING
COIL CLEANER

COIL FRESH

Aerosol Foaming Evaporator Coil Cleaner and Disinfectant

PRODUCT DESCRIPTION

COIL FRESH is a nonabrasive, one-step disinfectant cleaner for evaporator coils in small air conditioners, commercial air handling equipment, HVAC cooling coils and refrigeration equipment. It is effective against a wide variety of organisms and is EPA registered for HVAC applications. The water-based foam dissipates and runs off the coils into the catch pan where, after ten minutes of contact time, COIL FRESH disinfects the catch pan surface, controlling the listed organisms, including the bacteria that cause Legionnaires Disease.

PRODUCT FEATURES

- No rinsing required
- One-step cleaning, disinfecting and deodorizing action
- EPA registered for HVAC applications
- Virucide, mildewstat (on hard, inanimate surfaces), fungicide (against pathogenic fungi)
- Disinfects against Legionella Pneumophila, Canine Parvovirus and Herpes Simplex Virus Type I and II
- Nonabrasive and biodegradable
- Water based aerosol foam

COIL BRITE

Aerosol Bio-Enzymatic Foaming Coil Cleaner

PRODUCT DESCRIPTION

COIL BRITE is a powerful, non-acid, foaming coil cleaner that is formulated for continuous cleaning. Its bio-enzymatic action facilitates the breakdown of organic odors and blockages. The powerful spray generates a thick, water-based foam that blasts deep into the coils to loosen and remove grease, dirt, lint, grime and other efficiency-robbing elements from evaporator coils.

PRODUCT FEATURES

- Bio-enzymatic action causes the breakdown of organic blockages to help keep drip pans and drain lines clean, free flowing and odor free
- No-rinse formulation
- Non-acid and no harsh fumes
- Increases air flow and unit efficiency, saving you money
- Foaming action penetrates deep into the coils
- Restores cooling efficiency while reducing energy consumption
- Deodorizes as it cleans
