

# COOLING SLEEVES-ARM HI-VIS #4296

## Evaporative Cooling Sleeve

### Features:

- Wear wet for cooling or dry for moisture wicking comfort
- Natural evaporation provides a cooling effect delivering comfort in warm environments
- Simply activate cooling by running under cool water
- Breathable stretch knit material and provides light abrasion protection
- UPF 40+ blocks harmful UV rays
- Chemical free
- Can be worn with or without using thumbhole
- Activation Time: 30 seconds
- Available in M/L & XL/2XL

### Description:

COOLING SLEEVES keep you cool while delivering comfort. The cooling effect quickly reacts when run under cool water for 30 seconds to provide cooling relief. The cooling can be accelerated by waving the sleeve in the air when wet. The COOLING SLEEVES can also be left dry for moisture wicking effects.
