

# PROTECT YOUR ASSETS THIS WINTER

Pro Chem, Inc. | 1475 Bluegrass Lakes Parkway | Alpharetta, GA 30004 | Procheminc.com | 1 (800) 241-8180

Winter can be one of the most demanding seasons, and nothing but the highest-performing products will do the job. Sidewalks and common areas need to be kept free of ice, to avoid slips, falls and injuries. Vehicle windshields need to be kept ice-free for clear visibility. Streets, airport runways and taxiways need to be salted to keep travel conditions safe. Snowplow blades need to be coated to prevent snow and ice from sticking and rust and corrosion from forming.

Pro Chem offers a comprehensive line of winter products that will help your facilities and grounds stay ahead of the unpredictable winter weather, while saving you time, money, and reducing winter slips and falls.

## VEHICLE SAFETY, MAINTENANCE & CLEANING

### SNOW KOTE

#### *Snow Plow Protective Coating*

- Protects metal surfaces against rust and corrosion
- Reduces friction for more efficient plowing
- Will not wash off
- Leaves a hard, slippery layer of silicone on plow blades
- Reduces fuel usage and wear and tear on equipment

### FROST FREE

#### *Powerful Deicer Concentrate*

- Methanol based deicer that penetrates frost, ice, and snow quickly
- Provides better visibility for safer driving
- Quickly penetrates ice and snow
- Can be used all year long
- Won't freeze in winter

### SALT OFF

#### *Ice Melt Rinse Additive*

- Quickly lifts, neutralizes and removes the dull, white, chalky residue left by ice melting chemicals
- Concentrated aqueous solution
- Contains highly active dispersants and penetrants
- Dissolves salt residue without harming painted or finished surfaces
- Helps prevent discoloring of floors and carpets

### ICE ERASER PLUS

#### *Aerosol Frost & Ice Remover*

- Quickly melts ice and frost
- Will not harm paint, cloth, metal, rubber, glass or plastic
- Works quickly and effectively
- No residue to impair visibility
- Helps prevent ice formation

### ICE FIGHTER

#### *Granular Ice Melting Compound*

- Multicolor of calcium, potassium, and sodium chlorides that are fortified with UREA MAX
- Effective in temperatures as low as -21°F
- Leaves no oil residue, helps eliminate tracking problems
- Provides instant traction under wheels
- Accidental contact is safe on grass, shrubs, carpets, concrete and skin when used as directed
- Won't freeze in winter

### ICE FIGHTER EXTRA

#### *Ice Melting Compound*

- Blend of sodium chloride crystals infused with calcium chloride and potassium chloride
- Designed to provide greater slip protection on steps, sidewalks, driveways and more
- Formulated with a corrosion inhibitor
- Non-Tracking – Designed to Stay Where Applied
- Less harmful to concrete and plants
- Highly visible green color indicator
- Available in 50lb bags

### MEAN GREEN

#### *Snow & Ice Melting Compound*

- Generates exothermic heat to power through thick ice deposits
- Effective in temperatures as low as -6°F
- Won't harm plant life, concrete or asphalt when used as directed
- Non-caustic to skin so it won't harm or irritate bare hands
- Works quicker than ordinary ice melts
- Contains anti-corrosive material

## LIQUID SNOW & ICE MELT

### LIQUID MEAN GREEN

#### *Liquid Ice Melt*

- Concentrated
- Fast and easy to use
- Effective in temperatures as low as -60°F
- Can be used before or after precipitation
- Can be used in the summer to suppress dust on dirt and gravel roads
