

GRAFFITI REMOVERS

The weather is warmer, schools are out for the summer and that means it is the season to get rid of the graffiti. Graffiti vandalism is costly, unattractive and leads to additional crime and graffiti vandalisms.

Graffiti should be removed as soon as possible, within 48 hours for nearly a zero rate of recurrence. By quickly eliminating the graffiti, it denies the visibility and shows a zero tolerance for it.

Remove graffiti easily and as quickly as possible with Pro Chem's line of graffiti removing products:

ALL-STAR WIPES - #2121001

Heavy Duty, Hand Cleaning Wipes

- Cleans hands, tools and hard surfaces
- Convenient portable packaging
- No need to rinse with water
- Strong cleaning without the use of ethanol or IPA (alcohol)
- Quick absorption that will not redeposit residue back onto hands or surfaces
- Strong towel with industrial cleaning power
- No harsh chemical smell
- 90 premoistened wipes in a canister

DISAPPEAR - #2443

Premoistened Graffiti and Paint Remover Towels
