

FEATURED PRODUCTS:

AMPED UP AEROSOL BATTERY TERMINAL CLEANER

AMPED-UP is designed to clean and neutralize acid on terminals and cables of batteries. A color indicator is included to assist in detecting leaks. Battery terminal cleaner eliminates corrosion buildup and provides a residual corrosion preventive.

PRODUCT FEATURES

- Quickly cleans away dirt and grease—prolongs battery life
- Cleans and neutralizes acid
- Contains red color indicator to detect leaks
- Eliminates corrosion build-up
- Easy to use. Simply spray on and wipe off. Severe corrosion may require light brushing.

PROTECT-O-FLEX AEROSOL METAL PARTS PROTECTOR AND BATTERY TERMINAL COATER

PROTECT-O-FLEX guards against damage caused by rain, humidity, chemical fume, oxidation and salt water. Protects surfaces and battery terminals for several months with a special water displacing corrosion inhibitor. Remains intact during flexing or expansion and contraction of base metal. Curtails battery leakage and extends battery life. PROTECT-O-FLEX works great on exposed equipment and parts in transit. Coating can easily be removed with mineral spirits or safety solvents.

PRODUCT FEATURES

- Seals metal parts against corrosion and rust Ozone safe
- Effective from -40°F to +175°F
- Non-tacky, flexible film
- Non-chlorinated
- Easily removed with safety solvent
- Will not flake, crack, peel or become brittle
