Office Administrator

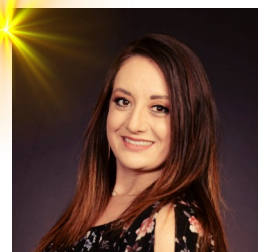

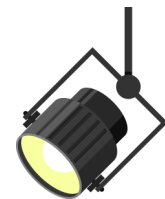

AMANDA CRUMP

20 Years with Pro Chem
Inside Sales/Sales Support

IN THE SPOTLIGHT: BRITTANY BLEDSOE

Brittany Bledsoe joined Pro Chem 6 years ago and really hit the ground running in Beaumont, TX. In her 6 years here, she has already reached \$1.6 Million in lifetime sales. Brittany devotes her success to her organizational skills and planning. She sets her goals for the year and maps out where she needs to be in order to hit her yearly goal. Along with her overall goal, she creates smaller goals that will ensure she meets her goal at the end of the year. Brittany loves that being a sales rep allows her to be flexible and can attend her son's games and practices. Even if it means bringing her iPad or laptop to the ball field, she has found a balance that allows her to continue to grow her business. Last year, Brittany set a goal to make it to President's Club so that she could automatically win the Incentive Trip. Instead of just trying to win the trip, she wanted all of the perks that come with being in President's Club. She mapped out everything she would need to do to reach that level and SHE DID IT! Congratulations Brittany on all of your success here at Pro Chem. We are so happy to have you on our team!
