---

We have been notified by our supplier that we still don't have a firm ship date for the original Boom Glide. We decided to discontinue **Boom Glide** and bring on Lifeguard Plus as a stock item under our own private label. It will be called **Boom Glide II**.

In the meantime while we are waiting to receive the new **Boom Glide II**, please offer Lifeguard Plus to your customers. We are currently stocking tubes, 7lb pails and 40lb pails.

We apologize for the inconvenience. Please reach out to the office with any questions.
