

PRODUCT BULLETIN

Date: 12/4/2023
Product: **Alive & Well**
Code: #124701

Our supplier notified us that they have discontinued **Alive & Well**. We have 21 cans on hand in the warehouse. In the meantime, we recommend suggesting Bio-Zymatic to your customers as a liquid product alternative. We also do have a new aerosol product on order and we are optimistic that it will be a suitable replacement for Alive & Well.

Please call the office with any questions.
