---

We wanted to notify you that we just received in our first shipment of **Free All II**. While we will be introducing Free All II at the sales meeting in just a few weeks, for those customers who currently have Free All on backorder, we will be proactively replacing it with Free All II.

If, for any reason, you would like to wait until after the meeting or would like us not to send Free All II to your customers on backorder, please contact the office. The SDS and PIS for Free All II can be found on the Pro Chem website or by clicking [here](#).

Thank you for your patience and we look forward to seeing you soon as the sales meeting.
