

AUTOMOTIVE CLEANING AND PROTECTING SOLUTIONS

AUTOMOTIVE CLEANING

Whether your needs are degreasing truck engines or cleaning brake drums and pads, or removing corrosion off of batteries and terminals to cleaning carburetors and choke parts our customers demand quality chemicals that perform the first time and every time. The days when a couple of cleaners would run the shop have long passed. Today's automotive mechanic cannot leave anything to chance. They want the right product, specifically designed to do the job at hand and offer the maximum in performance and value. That is why so many professionals choose Pro Chem products.
