

# NATURAL AIR

## NATURAL ODOR ELIMINATOR

Receive a **FREE**  
Natural Air Spray  
quart with every  
qualifying order  
in June.

## Destroy odor on a Molecular level.

*NATURAL AIR chemically bonds with odor causing molecules and eliminates them completely without leaving a fragrance. In fact, the only thing left behind is the sweet smell of nothing at all.*

**NATURAL AIR SPRAY #2363** effectively removes both organic and inorganic malodors by chemically bonding with odor-causing molecules and eliminating them completely. It is made of these completely natural ingredients: water, lime, pine needles, aniseed, clove and cedarwood.

Natural Air Spray is a ready-to-use spray that eliminates a broad spectrum of indoor odors, including those from smoking, body fluids, animals, food, garbage, mold, mildew, chemicals and paint. This product is acceptable for use in inedible product processing areas, non-processing areas, and/or exterior areas of official establishments operating under the federal meat, poultry, shell egg grading and egg products inspection programs provided that it is not used to mask odors resulting from insanitary conditions and that any characteristic odor or fragrance does not penetrate into an edible product area.

### FEATURES

- No overbearing fragrances added
- Recognized for safer chemistry by the EPA's "Safer Choice" program
- A blend of natural plant extracts, non-ionic food grade surfactants and purified water
- Made with natural, nontoxic, and biodegradable active ingredients
- Safe to use around people and animals
- Contains no alcohol

### APPLICATIONS

- Smoking
- Garbage
- Body Fluids
- Paint
- Chemicals
- Food
- Mold/Mildew
- Animals

## COMMERCIAL

With several people working together in a small environment like an office, odors may become an issue. Dealing with body odors, food odors, product scents and cigarette smoke must be addressed directly so that you can resolve it. NATURAL AIR bonds with the odor molecules and removes them completely.

### Ideal for:

- Entryways
- Lobbies
- Meeting Rooms
- Office Space
- Restrooms

## HOSPITALITY

Natural Air helps hotels and resorts provide the exceptional ambiance that guest expect. It's advanced formula ensures that hotel rooms, lobbies and common spaces remain welcoming and inviting, enhancing the overall guest experience.

### Ideal for:

- Hotel Rooms
- Lobbies
- Meeting Rooms
- Fitness Centers
- Closets
- Restrooms
- Entryways
- Janitorial Closets

## EDUCATIONAL

Educational facilities can run rampant with foul odors. The ability to focus and study can diminish a student's attention when smells from body odor, locker rooms or restrooms have taken control. NATURAL AIR addresses every issue.

### Ideal for:

- Restrooms
- Lobbies
- Libraries
- Classrooms
- Offices
- Locker Rooms
- Cafeterias
- Hallways
- Daycare Facilities

## HEALTH CARE

Hospitals and assisted living facilities make a better impression by eliminating odors. Patients or residents make assumptions about the quality of a healthcare facility based, in part, on the smell.

NATURAL AIR alleviates odors that come from bodily fluids and infectious wounds.

### Ideal for:

- Resident and Patient Rooms
- Restrooms
- Nurses' Stations
- Lobbies
- Rehabilitation/Exercise Rooms
- Soiled Linen Rooms
- Storage Rooms

## COUNTRY CLUBS

By neutralizing unpleasant odors, Natural Air enhances the overall experience for club members and guests. Natural Air helps to maintain a clean and comfortable environment, making it an ideal choice for high end establishments.

### Ideal for:

- Country Clubs
- Event Spaces
- Golf Courses
- Locker Rooms
- Common Spaces
- Workout Facilities
- Restrooms

## BUILDING SERVICES

Property managers can raise their property value by presenting a clean building. Buildings are not considered clean when ongoing odors from cigarette smoke to restrooms engulf the space. NATURAL AIR removes every odor by eliminating odor molecules.

### Ideal for:

- Restrooms
- Entryways
- Lobbies
- Workout Facilities
- Break Rooms
- Janitorial Closets
- Condos
- Offices
