Product: **Disinfe-X Wipes**

Product Code: #3399

---

As previously mentioned, our **Disinfe-X** wipes have been discontinued by the supplier due to an EPA regulation. We are currently sold out of our inventory of Disinfe-X wipes and have none on hand. We suggest selling **Germ Stopper** as a suitable alternative to Disinfe-X.

As a reminder, we adjusted the inventory code and list price of Germ Stopper a few weeks ago to be more comparable to Disinfe-X.

Please contact the office with any questions.
