

# PRODUCT BULLETIN

Date: 7/30/2024  
Product: **Buzz Kill**  
Product Code: 154501

---

We are currently out of **Buzz Kill**. However, we are working closely with the manufacturer to expedite its arrival. They are estimating to run the order next week and we can anticipate having it in stock by mid-August.

Going forward, our suppliers will be warehousing some of our products on their premises. This means that if we run out of a product in our warehouse, replenishing our inventory will only take a few days.

Just as a reminder, we have adjusted the inventory code and list price of Big Blast to match Buzz Kill's while we work out a better turnaround time with Buzz Kill. If you would like to substitute Big Blast for your Buzz Kill backorder, please contact sales support.

Thank you for your patience.
