

PRODUCT BULLETIN

Date: 10/15/24

Product: **Pro Earth Floor Strip and Poly Brite**

Product Codes: 210805 and 212105

Poly Brite

We received an update that Poly Brite is expected to ship this week. The upcoming shipment will arrive with purple lids instead of white, as we did not want to delay the order. The purple lids are temporary, and future orders will have white lids.

Additionally, there has been a formula update. For your convenience, we have attached the updated SDS and label. The product still performs the same.

We apologize for the delay. We will send an update out as soon as it arrives.

Pro Earth Floor Strip

Pro Earth Floor Strip has been discontinued due to lack of sales, however, the product will be available as a special order.
