

# PRODUCT BULLETIN

Date: 11/1/24

Product: **Pro Earth Paint Stripper**

Product Code: 251701

---

We have decided to discontinue **Pro Earth Paint Stripper**. The lab no longer stocks the raw material needed to make this product, requiring us to purchase a minimum of a pallet of product and we only sell 15-20 cases per year.

We are currently working to source an “earth friendly” paint stripper that we can private label in lower quantities. In the meantime, you can offer your customers Get Gone or Graffiti Blaster as an alternative paint stripper.

Please contact the office with any questions.
