

PRODUCT BULLETIN

Date: **2/26/2025**

Product: **Supersol**

Product Code: **163501**

We are currently out of **Supersol**. Over the past five years, we've navigated several product changes and replacements, and this should be the final replacement. We're now working to find a new nonflammable alternative that's safe for circuit boards and contacts. In the meantime, please offer your customers **Blast Force** until we find a suitable replacement. While we understand this is not an exact replacement for Supersol since Blast Force is flammable, we hope to have a comparable replacement soon. We will keep you posted as we receive more information.
