

# PRODUCT BULLETIN

Date: 4/30/2025

Product: **Citra Solv Aerosol**

Product Code: 142401

---

Beginning May 1st, the price of our **Citra Solv Aerosol** will increase. The new price will be \$393.90 per dozen and inventory code will be T219510.

We've been informed that the cost of citrus d-limonene, a key ingredient in many of our products, is on the rise due to decreased citrus production in regions like Brazil and Florida, as well as increased global demand for citrus oil derivatives. This has created a shortage in citrus peel—the primary source of d-limonene—leading to higher raw material costs.

We currently have sufficient inventory of most citrus products at our existing price, so this is the only product affected at this time. We will continue to monitor the situation and search for a lower cost aerosol option. Please contact the office with any questions.
